Independent Registered Public Accountants' Report

Board of Directors

Jefferson National Securities Corporation

We have audited the accompanying statement of financial condition of Jefferson National Securities Corporation (the "Company") (a wholly-owned subsidiary of Jefferson National Financial Corp.) as of December 31, 2008 that you are filing pursuant of Rule 17a-5 under the Securities and Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Jefferson National Securities Corporation at December 31, 2008, in conformity with accounting principles generally accepted in the United States of America.

See accompanying notes to statement of financial condition.

Notes to Statement of Financial Condition

1. Nature of Business and Basis of Accounting

Jefferson National Securities Corporation (the "Company") is a wholly-owned subsidiary of Jefferson National Financial Corp. ("JNF"). Effective May 1, 2003, the Company became the statutory underwriter for the issuance of variable annuity contracts for Jefferson National Life Insurance Company ("JNL"). As of this date, the Company entered into two servicing agreements with JNL. The Paymaster Agreement stipulates that JNL will pay all commissions associated with the issuance of variable contracts through the Company and JNL agrees to reimburse the Company for all variable commissions paid. The Distribution Agreement stipulates that the Company agrees to be the distributor of variable contracts for JNL and JNL agrees that it will reimburse the Company for the costs it incurs to distribute these contracts (See Note 2 – Summary of Significant Accounting Policies - Revenue).

The Company's sole source of revenue are the Paymaster and Distribution agreements with JNL.

2. Summary of Significant Accounting Policies

Cash and Cash Equivalents

Cash and cash equivalents consist of cash deposited in noninterest bearing accounts.

Prepaid Expenses

Prepaid expenses consist primarily of amounts paid in advance to the Company's FINRA Central Registration Depository ("CRD") account, which balance is reduced as certain regulatory expenses are incurred, principally the appointment of new representatives.

Notes to Statement of Financial Condition

Income Taxes

The Company files a consolidated Federal income tax return with certain affiliates. Deferred tax assets are recognized for deductible temporary differences and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

Revenue

The Company provided services to JNL during 2008 (See Note 5 - Related Party Transactions). As noted above, the Company earns service fee revenue directly related to commissions paid on behalf of JNL. Additionally, the Company may, from time to time, incur allocated overhead costs from JNF. These costs are charged to the Company through JNL and are included in the service fees charged to JNL under the Distribution Agreement (see Note 1 - Nature of Business and Basis of Accounting).

The Company's cash accounts are noninterest bearing; therefore, there was no investment income for the year ended December 31, 2008.

New Accounting Pronouncements

In 2007, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities." SFAS No. 159 provides an option to elect fair value as an alternative measurement for selected financial assets and liabilities not previously recorded at fair value. The Company adopted SFAS No. 159 as of January 1, 2008, and did not elect fair value accounting for any assets or liabilities that were not currently measured at fair value. The adoption did not have an impact on the financial statements.

Notes to Statement of Financial Condition

In 2006, the FASB issued SFAS No. 157, "Fair Value Measurements." SFAS No. 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. SFAS No. 157 establishes a three-level hierarchy for fair value measurements based on transparency of valuation inputs as of the measurement date. The hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Company adopted SFAS No. 157 as of January 1, 2008. The adoption did not have an impact on the financial statements.

Use of Estimates

Preparation of the statement of financial condition in conformity with the accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts in the statement of financial condition and accompanying notes. Management believes that the estimates utilized in preparing its statement of financial condition are reasonable and prudent. Actual results could differ from those reported.

3. Income Taxes

The Company's Federal income tax return is consolidated with JNF, JNF Advisors and JNL. The method of allocation among the companies is based upon separate return calculations with current credit for losses. The legal reorganization, as discussed in Note 1, did not have a material impact on income taxes.

The Company did not have any current Federal income tax (benefits) expense.

Notes to Statement of Financial Condition

The components of gross deferred tax assets and liabilities and the related valuation allowance as of December 31, 2008 are as follows:

December 31, 2008	
Deferred tax assets:	
Net operating loss carryforwards	\$184,075
Deferred tax liabilities	•
Net deferred tax asset	184,075
Valuation allowance for deferred tax asset	184,075

Deferred tax assets, net of allowance

Deferred income taxes are generally recognized, based on enacted tax rates, when assets and liabilities have different values for financial statement and tax purposes. A valuation allowance is recorded to reduce any portion of the deferred tax asset that is expected to more likely than not be realized. Adjustments to the valuation allowance will be made if there is a change in management's assessment of the amount of the deferred tax asset that is realizable. The Company has recorded a full valuation allowance against the full value of its net deferred tax asset at December 31, 2008, since the Company does not anticipate generating any future income.

At December 31, 2008, the Company had tax net operating losses of \$525,929 that begin to expire in 2019. The use of \$277,661 of these losses will be limited pursuant to Section 382 of the Internal Revenue Code. The Company did not have any capital loss carry forwards at December 31, 2008.

Notes to Statement of Financial Condition

4. Commitments, Contingencies and Concentrations of Credit Risk

At December 31, 2008, management is not aware of any contingent liabilities and the Company has no future commitments.

The Company maintains cash balances at one financial institution in Louisville, Kentucky. The Federal Deposit Insurance Corporation ("FDIC") insures the balances up to \$100,000. It is unlikely the Company will have balances in excess of FDIC limits.

As described in Notes 1 and 5, JNL is the sole source of the Company's revenue.

5. Related Party Transactions

JNF provides administrative services to the Company and the Company provides broker-dealer services to JNL. For the year ended December 31, 2008, all services and expenses were reimbursed to the Company by JNL (see Note 1 – Nature of Business and Basis of Accounting).

At December 31, 2008, \$-0- was due to JNF for general expenses.

6. Net Capital Requirements

SEC Rule 15c3-1 sets the minimum net capital requirement of a limited purpose broker-dealer that does not receive funds or securities at \$5,000. At December 31, 2008, the Company had net capital of \$96,853, which was in excess of required net capital.

JNF will provide the necessary capital to ensure the Company continues to meet its net capital requirements.

The Company's ratio of aggregate indebtedness to regulatory net capital was \$-0- at December 31, 2008.
